## PROIZVODNJA I PRODAJA ŠUMSKIH SORTIMENATA U F BiH, FEBRUAR/VELJAČA 2009.

### PRODUCTION AND SALE OF FORESTRY ASSORTMENTS IN THE F B&H, FEBRUARY 2009

Ukupna proizvodnja šumskih sortimenata u periodu I-II 2009. godine u odnosu na isti period 2008. godine manja je za 109000 m<sup>3</sup> ili 42,4%. Proizvodnja sortimenata od četinarara/četinjača je manja za 42000 m<sup>3</sup> (36,8 %) dok je proizvodnja sortimenata od lišćara/listača manja za 68000 m<sup>3</sup> (47,6 %).

Ukupna prodaja šumskih sortimenata u periodu I-II 2009. godine u odnosu na isti period 2008. manja je za 110000 m<sup>3</sup> ili 46,0%. Prodaja sortimenata od četinarara/četinjača manja je za 56000 m<sup>3</sup> (50,4%) dok je prodaja sortimenata od lišćara/listača manja za 54000 m<sup>3</sup> (42,2 %).

The total production of forestry assortments in period I-II 2009 is less for 109.000 m<sup>3</sup> (42,4%) in relation to 2008. Production of assortments of coniferous is less for 42.000 m<sup>3</sup> (36,8%), while the production assortments of broadleaf is less for 68.000 m<sup>3</sup> (47,6%).

The total sale of forestry assortments in period I-II 2009 is less for 110.000 m<sup>3</sup> (46,0%) in relation to 2008. Sale of assortments of coniferous is less for 56.000 m<sup>3</sup> (50,4%) while sale assortments of broadleaves is less for 54.000 m<sup>3</sup> (42,2%).

## METODOLOŠKA OBJAŠNJENJA

### Izvor i metode prikupljanja podataka

Podaci o proizvodnji šumarstva u državnim šumama rezultat su Mjesečnog istraživanja šumarstva ŠUM- 22 koje provodi Federalni zavod za statistiku na temelju Zakona o statističkim istraživanjima u FBiH «Sl. novine Federacije BiH» br. 63/03.

Mjesečnim Izvještajem šumarstva obuhvaćene su sve pravne osobe razvrstane u Registru poslovnih subjekata u području A- Poljoprivreda, lov i šumarstvo, odjeljak 02-Šumarstvo, sječa drveta i usluge povezane sa njima, a koje se bave stalnom proizvodnjom šumskih sortimenata u državnim šumama.

Prikupljanje podataka o proizvodnji i prodaji u šumarstvu vrši se na osnovi Nomenklature proizvoda i usluga šumarstva – NPUŠ, koja je izrađena za potrebe statistike šumarstva na osnovi Liste karakterističnih proizvoda šumarstva, koju je Eurostat (Statistički ured Evropske unije) objavio kao integralni dio Priručnika za ekonomske račune poljoprivrede i šumarstva (Manual on the Economic Accounts of Agriculture and Forestry – EAF) u novembru/studenom 1997. godine.

### Definicije

**Trupci** (lišćara/listača i četinar/četinjača) su dijelovi debla koji su namijenjeni daljem prerađivanju piljenjem, ponekad rezanjem ili ljuštenjem jer imaju povoljna fizička i kemijska svojstva te su namijenjeni za industrijsku preradu.

**Jamsko drvo** (lišćara/listača i četinar/četinjača) namijenjeno je za razne tehničke svrhe jer ima vrlo povoljna fizička i kemijska svojstva. To je drvo koje se upotrebljava za izgradnju i održavanje jamskih rovova i okna, dakle za gradnju u zemlji i pod zemljom.

**Ostalo dugo drvo** (lišćara/listača i četinar/četinjača) obuhvaća sve vrste drveta pogodne za mehaničku preradu, stupove za elektro vodove i TT vodove te ostalo oblo drvo.

**Prostorno drvo** (lišćara/listača i četinar/četinjača) obuhvaća drvo za drvene ploče (pogodno za mehaničku preradu), a celulozno i taninsko drvo, zbog svog povoljnog kemijskog svojstva, pogodno je za kemijsku preradu. Taninsko drvo je sirovina iz koje se preradom dobivaju taninski ekstrati.

**Ogrjevno drvo** (lišćara/listača i četinar/četinjača) je namijenjeno neposredno za ogrjev ili za proizvodnju drvenog uglja.

**Ostalo grubo obrađeno drvo** (lišćara/listača i četinar/četinjača) obuhvaća sitno tehničko drvo, pogodno za izradu drvenih motki i kolja, raznih letvi i stupova za ogradu, ručica za alat i sl.

## NOTES OF METHODOLOGY

### Source and methods of data collection

Data on production of forestry assortment in the publicly-owned forests are result of monthly reports on surveys of forests (ŠUM – 22) conducted by the Federal Office of Statistics on the basis of Act on Statistical Survey in FBiH (Službene novine FBiH, No 63/03).

All legal entities classified in the Register of Business Entities under section A – Agriculture, hunting and forestry Section 02 – Forestry, felling and related services activities, engaged in permanent production forest assortments in the publicly-owned forests, are eXtended by Monthly Report of forestry.

Collect data on production and sales of forestry is practised on the basis of the Nomenclature of Forest Products and Services NPUŠ which is made for the purposes of forestry statistics on the basis the List of Characteristic Products of the Commercial Timber Production compiled by the Eurostat (the Statistical Office of the European Union), and published as an integral part of the Manual for Economic Accounts of Agriculture and Forestry in November 1997.

### Definitions

**Logs** (broad-leaved trees and conifers) are parts of timber intended for further processing by sawing, sometimes by cutting or peeling, because of its good physical and chemical characteristics, so it is useful to be industrially processed.

**Mining timber** (broad-leaved trees and conifers) having very good physical and chemical characteristics, is intended for various technical purposes. It is used for bulding and maintaing pits and shafts, therefore, for constructing under ground and on the surface.

**Other long timber** (broad-leaved trees and conifers) includes all kinds of wood suitable for mechanical processing, transmission-line and telephone-line pylons as well as other oval timber.

**Stack wood** (broad-leaved trees and conifers) includes wood for boards (suitable for mechanical processing), and wood-pulp and tannin wood are, because of its good chemical characteristics, suitable for chemical processing. Tanin wood is a material that, processed, gives tannin eXtracts.

**Fuel wood** (broad-leaved trees and conifers) is intended directly for fuel or production of wood coal.

**Other roughly processed wood** (broad-leaved trees and conifers) includes paltry technical wood suitable for processing of wood poles, different bars and fence piers, tool cager etc.
